

ELWEMA

AUTOMOTIVE GMBH

TEAMWORK!

The perfect and apparently easy interplay of all components brings success. We live by this motto at ELWEMA Automotive and can thus continuously develop new and highly innovative manufacturing solutions in cleaning, testing and assembly technology for our customers. Today, engines, steering systems and transmissions are our focus for all leading automobile manufacturers worldwide. In the future, we want to increasingly support our customers in the automotive industry with innovative technologies in the field of drive technology (e-motor, battery production,...). In the future, we want to further expand our customer base based on our prominent level of technological expertise in new sectors.

We are currently looking for our location in **Ellwangen**

motivated SOFTWARE DESIGNER M/F/D for control software

YOUR TASKS

- Design of control and visualization software, including programming of interfaces to higher-level control and process acquisition systems
- Creation of documents according to internal agreements and for the customer
- Integration of subsystems (e.g. assembly systems, nutrunner and press systems, etc.)
- Commissioning of the machines at our site
- Validation of the created programs by means of virtual

YOUR QUALIFICATION

- Completed studies in the field of electrical engineering or comparable qualification
- Basic knowledge in the project engineering environment of Siemens (Step 7, TIA-Portal) and/or Rockwell Automation (Studio 5000)
- Good MS Office skills
- Good knowledge of English
- Ability to work independently
- Team player and a passion for technology
- Knowledge of high-level languages (Visual Basic, Java, PHP, ...) desirable

YOUR PERSPECTIVE

- Varied and challenging tasks in an innovative engineering company
- Promotion and further development of your strengths
- Flat hierarchies and short decision-making processes
- Team-oriented work in a creative environment and in a modern workplace
- Pleasant and motivating working atmosphere in a trusting and open corporate culture
- Company social benefits
- Corporate benefits

Are you fascinated by perfect technology? If so, we're looking forward to receive your application.
